Dear Purnima Porwal,

We are pleased to inform you that your submission **1923 - A Tempestuous Triangle: Decoding the Impact of Rainfall Variations on Agriculture and Domestic Violence Against Women in India**, has been accepted for a poster session for PAA 2026. Please use the following link which is unique to you to confirm your participation by **January 13, 2026** <http://submissions.mirasmart.com/PAA2026/AuthorPosterInvitation.aspx?sid=WRSDJkQ9C>.

To avoid issues related to last minute withdrawals and no-shows, all presenting authors are required to **pre-register for the conference by February 4, 2026**. Registration will open soon and information will be available on the [PAA 2026 Annual Meeting page](#).

IMPORTANT: PAA's two presenter rule allows for only four appearances on the program, with two of them as presenting author. **If accepting this poster invitation will put you in violation of this rule, please decline the invitation or change the presenting author on any of your appearances.**

Congratulations and we look forward to seeing you in Washington, DC next spring.
Sincerely,

Marcy Carlson and Sarah Burgard
PAA 2026 Program Co-Chairs
